

## “EAA: Chapter 866: Runway Safety”

EAA: Chapter 866 at Arthur Dunn Airport – this month’s topic: Runway Safety. Every VFR/IFR will begin on a runway and should end on a runway. Planning at the beginning and before the ending of each flight entails preparation by the Pilot-in-Command. Does your “Bucket List” include- Wx – Departure, Enroute & Destination, AFD, Aircraft Preflight, Wt & Balance, Pilot – IMSAFE, Communication Frequencies, and Navigation Radios? Please come and share your experience and knowledge, with your fellow Airman. Remember – Knowledge is a terrible thing, to waste!

**Directions:** I 95 to Titusville. Turn East (Right) on State 406 (Garden St). Turn North (Left) on North Singleton Road to Sandrift Community Center - # 585 (On the right)

### **A message from the National FAASafetyTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
